CRAWL TO DIGNITY AND RECOGNITION

~~Colin Campbell~~

~~Southwest Nova~~ Riding  
House of Commons  
Ottawa, Canada

I strongly support the demonstration to literally crawl for our rights.

As the Member of Parliament, I know that you will do all in your power to prevent the start of this ultimate indignity to Canada's original peoples in the eyes of the world.

You can do this by:

Your active and vocal support to press for the intent to guarantee that Indian Rights and Treaties will be entrenched in the British North America Act after it is returned to Canada

and

Complete outstanding land settlements.
