of the Senate and of the House of Commons  
on the Constitution of Canada  
Room 512-SB, House of Commons  
OTTAWA, Ontario K1A 0A6

Dear Sirs:

It would appear that the opinion of the constituents of Vancouver Quadra had not been voiced on the constitutional debate in the House of Commons.

This situation is of deep concern to members of the Vancouver Quadra Progressive Conservative Association as expressed in the following motion at their recent Annual Meeting, which passed unanimously:

"Whereas, as a result of closure being invoked in the House, the Member of Parliament from Vancouver Quadra was denied the right to express the views of his constituents, this Association authorizes a delegation to make representation in its behalf to the Special Joint Committee on the Reform of the Constitution."

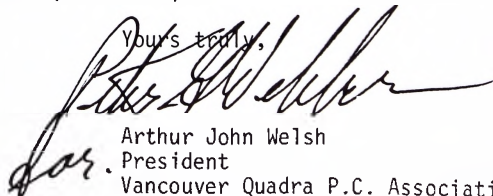

In order that the constitutional patriation and reform be shared with all Canadians, I respectfully request that this Association be allowed to send a representative or delegation to appear before the Joint House and Senate Committee on Constitutional Reform at the most convenient available time.

Please contact the undersigned either in writing or by telephone:

Telephone: (604)736-0344 (office)

Yours truly,

  
Arthur John Welsh
