DATE March 17, 1976

In line with the "pool concept" for V.I.P. Officers, which was approved by the Commissioner on April 3, 1975, the C.O. "HQ" conducted a survey of Headquarters Directorates, exclusive of Security Service, to determine the availability of Officers for this purpose. The results are reflected in TABS 1 and 2.

Requirement:

17 Bilingual Officers.

It will be noted in the attachments that although 55 Officers are available, only 4 are considered bilingual.

Because this is a priority requirement, I feel that every effort must be made to select as many bilingual Officers as possible for Olympic V.I.P. Security duties. Accordingly, I have reviewed the Officers' Seniority Roll and identified potential candidates, some of which are stationed outside of "H.Q.", "C" and "A" Divisions:

C/Supt. A.F. Wrenshall

Supt. J.L.P. Mantha
